

Patty,

Last night's dinner was amazing. The service that both Cindy and Marie provided was absolutely top notch. Everyone was very impressed not only with the food but the presentation of the buffet table and their professionalism. I did not know what to expect at first but you all have more than exceeded my expectations. Everyone was raving over the food and today we all indulged in some of our leftovers for lunch!!

I cannot express my appreciation for all of your help and service throughout our event. You can definitely count on us recommending your services and in our booking you for any future events.

Thanks a million for going above and beyond!!

Thanks, so much – We had nothing but great comments about the food and the kid's buffet was a big hit!

We look forward to next year's event!

Happy New Year!

To Whom It May Concern:

It is my distinct pleasure to write this personal letter of appreciation and commendation for County Catering & Special Events Company. For the past six months, this Stockton based firm has provided nothing less than outstanding catering service for California State University, Stanislaus Executive MBA Stockton cohort.

As a former senior Navy Supply Corps officer and food service instructor, I am keenly aware of what is required to create and deliver consistently top quality catering service. Elizabeth Lira and her Country Catering team not only deliver great food, but they are always striving to add the additional "personal touch" that is needed to keep our students motivated and engaged each Saturday. Recently, I had an opportunity to talk with our students about Country Catering's food and service. The result of that discussion was unanimous highlighted by the following comments:

"The food is absolutely wonderful."

"Delicious!"

"The best caterer I have ever seen. Don't change!"

"Thank you for going the extra mile for the vegetarians!"

Frankly, there is little more than I can say about Country Catering's excellence. We wanted concierge level service for this EMBA program and through County Catering's efforts; we are meeting that very high goal.

If you would like additional information about our engagement with Country Catering, please do not hesitate to call me. I can be reached at 209-333-0323.

To the talented team at Country Catering,

THANK YOU so much for the delicious breakfast and lunch yesterday! I've received many compliments about how much everyone enjoyed the food! I had heard that the ribs were excellent -- and of course they were -- so I was expecting that. But I wasn't quite prepared for the penne pasta and salad to be as equally as exceptional! The cookies and cute colorful brownies were also mouthwatering!!

The question, of course, on everyone's mind is -- when are you going to open a business in San Francisco?! You would make many PG&Ers here happy!

Thanks again for your wonderful style -- which includes the friendly and obviously dedicated staff you have working there.

Donna :o)

Patty,

The food was delicious. Is your restaurant open for sit down lunch/dinner? I have several employees wanting to know.

Thanks,

Tricia

I want you to know that everyone loved the "build a burgers"!!! There is only one left and that's unheard of around here. So again, please thank your crew (and my favorite is that potato salad - it's the best!!!)

Patty, I just wanted to tell you that we ordered the grilled teriyaki chicken, asian cabbage salad, sesame asparagus and brown rice today for lunch today and everybody loved it!!!!!!

Hi, Patty - thanks again for doing our lunch today on such short notice - our CEO mentioned he was impressed that the sandwiches were so fresh and tasty!

Next week we will be having pretty much the same group on May 10, 11, and 12. We figure 18 people each day with a different daily menu. Waters and diet sodas are now the preference (who knew!). Would you mind putting together a catering order for me before the end of the week? Unfortunately I have District Court Jury Duty next week if I get called in so I may not be able to coordinate anything during the week.

Best regards,

Kathleen Francies

Hello Patty & Elizabeth,

Hope you had a good holiday..Thank you very much for the great food that we had during our company holiday party. We can't thank you enough for such a great job that all of you had done for us. We'd really appreciate it.

We have plan to celebrate another safety barbecue for our plant on Tuesday, 1/8/08 if possible but I found out from your answering service that you guys were on vacation and this might not be enough notice for you guys to prepare. Please let me know what will be the convenient date to have this planned event.

Country Catering:

Thank you so much for making our Fall Party -- such a hit!!! The food and the presentation was beautiful -- once again you have done a fabulous job.

Dear Patty:

I am often the first to complain when a product or service doesn't meet my standards, so I'm glad when I have a chance to pass along some well-deserved praise. In this case it concerns the customer service I received from your company.

On September 28th and 29th, 2004 our company planned our Annual Managers' meeting at the Stockton Civic Auditorium and we ordered lunches both days.

The service we received from you was awesome! The attitude of the help was superb, as well as the chef, and the presentation of the food was second to none!

Because of this experience, we plan on being a repeat customer, and I definitely will tell others about the tremendous service I received from Country Catering. Additionally, we will contact your company when we plan any more corporate events.

Needless to say, this has experience made me quite thrilled with your company. It is very stressful when you plan an event such as ours and when you can rely on a vendor to do a good job it just makes things easier. Keep up the good work!

Sincerely,

Dear Elizabeth,

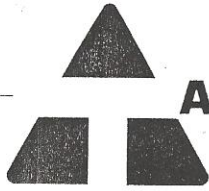

I just wanted to take this opportunity to thank you for the wonderful service and food you provided for our function. You were wonderful to work with. Your customer service and food samples sold us from the beginning. The day of our retreat your service and professionalism were even more than we expected. The food was wonderful. We had nothing but compliments on our evaluations! I was very impressed when you even went around to collect plates from those who were finished eating. You and your company really shined in the eyes of our committee and all of our guests. It was a pleasure doing business with you. I'm sure you'll be getting plenty of more calls from Delta College.

Thank you,

Elizabeth;

Just wanted to thank you for the fabulous year we've had with you. Throughout the years you have come through with style, grace and good ideas that have made any and all the advents we have had such a success. Always on the ball to think of the details that I may have forgotten or help plan a meal. You're awesome.

Many people have come up to me and asked me "Are you still using the same Caterer"? And as soon as they take the first bite of food they immediately know why. I should tape some of the comments that I hear during one of our catered affairs. Everyone always praises the quality of the food and the presentation.

Every Breakfast, Luncheon ending with our Holiday dinner has been a big hit in thanks to you and your crew. I feel guilty each and every time I am given praise for a job well done when in fact, when you have a caterer such as you it is easy to plan for any impromptu get togethers.

Thanks for making my job so easy.

Look forward to seeing what we can come up with in 2002.

Sincerely yours,
