The food was great and our guests just loved it. Many said that it was the best food they have ever had at a function. Your catering service is the best and we hope to do more business with you in the future. **~ Bride in Lodi**

Thank you so much. Your lunches were a big success at the golf tournament. I had 10 men come up and ask who did the lunches so I gave them your phone number. Next year I'll have to get some of your cards to hand out. **~ Mayo Construction**

The service we received from you was awesome! The attitude of the help was superb, as well as the chef, and the presentation of the food was second to none! Because of this experience, we plan on being a repeat customer, and I definitely will tell others about the tremendous service I received from Country Catering. It is stressful when you plan an event such as ours and when you can rely on a vendor to do a good job it makes things easier. Keep up the good work! **~ The PAM Companies**

Thank you for the exceptional catering job. Our companies 50 year anniversary Open House was an important event in which we were able to say thank you to our customers, vendors and employees. Your company proved to exceed all of our expectations. Everyone I have spoken to has complimented on the great food, excellent service and wonderful presentation you provided. Attempting to satisfy over 200 people is quite a task, however, you made it seem simple. Thanks again for a great job! **~ PDM Steel**

~ About Country Catering ~

Country Catering and Special Events, Inc. has been family owned and operated since 1996. We specialize in corporate and business catering throughout Northern California with our central commissary and corporate offices in Stockton.

In 1996, we began as a small 16 seat deli with 3 staff members, grew into a 60 seat deli in 2000 and after 2 years turned our attention exclusively to catering. What a fabulous adventure the catering business has been for our entire crew, serving the White House staff, performing at large government and corporate Grand Openings and Open Houses, assisting in disaster relief catering, in addition to delivering our cuisine and services as far away as Contra Costa, Placer, Sacramento, Alameda, Santa Clara, Fresno and Stanislaus Counties, at the requests of our delightful and loyal customers.

While our primary focus is catering breakfast, lunch and dinner to corporations and business' we also provide complete full service catering for Company Picnics and BBQ's, Grand Openings and Open Houses, Holiday Events and Pharmaceutical Luncheons, plus meetings and celebrations of all types and for all kinds of food requirements. From vegetarian to halal cuisine, we can find the proper edibles for your guests and associates. If you are planning a reward celebration for Safety Goals met or a meeting of the Executive Board of Directors, we are the catering company to call. Our staff understands that different situations have different needs and welcome the opportunities to feed the biggest and lightest of eaters.

Country Catering operates out of a 4000 square foot commercial kitchen that is licensed and annually inspected by the local health department and maintains all the proper insurance required to operate a professional catering company. Our entire staff takes pride in our company, our services and our cuisine. A quick glance at our testimonials will attest to Country Catering's commitment to service our customers. We take a pro-active stance regarding safety and sanitation by creating and maintaining healthful conditions, educating our staff on the importance of keeping food safe and use only commercial grade equipment.

We hire forward thinking, action oriented, organized and just plain smart personnel to provide you with the best customer service, the best tasting food products and the most courteous delivery service. Count on us to be there for you!
